

HARMONIC RESOLUTION SYSTEMS
HRS ANALOG DISK

a low noise floor is fundamental

HRS ANALOG DISK

“Adding the Analog Disk to my unadorned turntable certainly produced results in excess of its cost. By this, I mean that to achieve a commensurate improvement would require spending a lot more money if you were to upgrade the cartridge, or the turntable itself. If your turntable has a tangential tone arm and a solid (non-threaded) spindle -- just go buy it!”

Rick Becker
Enjoy The Music

The **HRS Analog Disk** record weights are highly innovative designs that eliminate record groove noise revealing a new level of musical performance. They are manufactured from a proprietary polymer and a billet-machined metal carrier bonded together using a precision transfer mold with less than one thousandth of an inch tolerance for perfect alignment and balance. The weight and final polymer properties are based on years of development tests. The Analog Disk Light (ADL) is designed to perform very well on a wide range of turntable designs including low mass and suspension designs. The Analog Disk Heavy (ADH) is designed to perform very well on mid to high mass turntable designs.

Broadband noise reduction maximizes analog performance

■
Optimized for suspension and high mass turntables

■
Scalloped geometry provides secure record changes

■
Proprietary polymer decouples record weight from spindle

■
Precision transfer molding process for precise balance

■
Cost effective design for exceptional value

Analog Disk Light (ADL) Record Physical Characteristics

Diameter		Height		Weight grams
in	cm	in	cm	
3.25"	8.26	1.35"	3.43	315

Available in black and silver finish

Analog Disk Heavy (ADH) Record Physical Characteristics

Diameter		Height		Weight grams
in	cm	in	cm	
3.25"	8.26	1.35"	3.43	850

Available in stainless steel finish only

Harmonic Resolution Systems (HRS) industry leading performance is derived from decades of engineering experience with audio, defense, and aerospace systems. All products are manufactured in the US by skilled craftsmen using superior techniques, exotic finishes, and proprietary materials. HRS is dedicated to producing the finest audio products in the world.
